Status/Progress Report

Project:

A platform of errand delivery Service in the same city based on crowdsourcing model

Status/Progress Report

Project Name: A platform of errand delivery Service in the same city based on crowdsourcing model **Team Member Name:** Cai Congyu **Date: 4.23.2019** **Reporting Period:** Finish all of this project
Work completed this reporting period: Registration Login Order Display Order Status Modification and Query Test
Work to complete next reporting period: Null
What's going well and why: Based on the same knowledge, I finish Order Display function quickly.
What's not going well and why: 1) In Registration and Login functions functions, the connection between remote database and application is not easy. 2) Order Status Modification and Query needs some logic judgment.
Suggestions/Issues: I used WebApp to complete this functions
Project changes Order Evaluation function has
