Change Request Form

Project Name: A platform of errand delivery Service in the same city based on crowdsourcing model

Date Request Submitted: 1.20.2019

Title of Change Request: Changing the language and structure of the android application(deliverymen)

Change Order Number: 02

Submitted by: Ren Bin (+86-18758120454)

Change Category: ▮Scope ▮Schedule ▮Cost ▰Technology ▮Other

Description of change requested:

Because the Android version is incompatible with MYSQL version, the remote database cannot be connected successfully. After many attempts to communicate with my mentor, I decided to develop webapp instead of native Android applications.

Events that made this change necessary or desirable:

I couldn't successfully connect the remote database to the native Android application.

Justification for the change/why it is needed/desired to continue/complete the project:

If I do not use the webApp to develop the implement, I may can not finish the android in time.

Impact of the proposed change on:

Scope: null

Schedule: null

Cost: null

Staffing:null

Risk: much lower

Other: null

Suggested implementation if the change request is approved:

Required approvals:
